A 6-month bootcamp to become an entrepreneur
From November 2019 to April 2020

French Tech Tremplin is a program that aims to promote diversity within the French tech ecosystem. The "Prep" is designed as a 6-month bootcamp that allows aspiring entrepreneurs to acquire the technical and personal skills as well as the network necessary to launch their business. Here is how the Prep will be organized:

1 DAY	Program kick-off and onboarding day	Get a fun introduction to the program, your cohort and your godparent
2 WEEKS	Startup immersion	Spend two weeks discovering how startups work from the inside
4 MONTHS	Bootcamp	Dive into intensive hands-on training to go from idea to market-tested prototype
1 DAY	Local Demo Day	Pitch in front of future incubators, VCs and potential clients.
1 MONTH	Coworking and office-hours	Get ready for the next phase of your adventure. If you've decided to work at a startup, use this time for guided jobhunting. If you're pursuing a startup, tour incubators, meet investors and continue refining your project.
1 DAY	Graduation Day	The program ends. Come together in Paris for a memorable closing ceremony.

The skills you can develop

- ▶ Business Models
- ▶ UX
- ▶ Rapid prototyping
- ▶ Pitching
- ▶ Startup operations
- ▶ Design Thinking
- ▶ Go-to-market

The highlights of the program

- ▶ A 17.000€ grant
- ▶ A dedicated godfather or godmother
